

ABU DHABI DISTRIBUTION COMPANY
LV Switchgear Vendor List

شركة أبوظبي للتوزيع
Abu Dhabi Distribution Company

Issue and Revision Record

Ver.	3.00	Date	18th Jan 2012
1	Originated by: Ahmed Abdulla Al Dhaheri LVSGC Coordinator		date: 19th Jan 2012
2	Adel Al Marzouqi Vice Chairman, LV Switchgear Committee		date: 19th Jan 2012
3	Engr. Ali Al Menhali Chairman, LV Switchgear Committee	 	date: 19th Jan 2012

1. This Vendor list is issued by Chairman, ADDC LV Switchgear Committee.
2. Any LV Equipment that is installed in Abu Dhabi need to be prequalified by ADDC, through the LV Switchgear Committee as per the Guidelines detailed under " **ADDC Guideline for Prequalification of Vendors of LV Switchgear " and ADDC Guideline for Prequalification of Vendors of LV Busways"**
3. All the Pre-qualified Vendors are authorised to supply only the approved rating.
4. All the Pre-qualified Vendors are not allowed to supply non approved materials. Failure to comply may result in removal of their name from the Vendor list.
5. The above approval does not relieve the Contractors in complying with RSB guidelines and ADDC standards that are applied to the LV Switchgear and Panel Boards.
6. This Vendor list will be updated every 6 Months, unless decided by the Committee.
7. Validity of the Prequalification issued for a Vendor is for period of three (3) years from the date of issue of the prequalification letter issued by the LV Switchgear Committee, unless otherwise specified.
8. It is the responsibility of the manufacturer to comply with any updated IEC standards that would be released during this period by means of additional test as required.
9. Any malfunction or repeated faults during this period may lead to the cancellation of the ADDC approval.
10. The Vendors are required to submit the certificate of conformity to ADDC Specification/RSB wiring regulation along with copy of the ADDC Approval for the proposed switchgear, for every projects.
11. All the breakers (both the incoming and outgoing) shall be restricted to the components used in the type test.
12. All the breakers used in the switchgear shall be type tested separately by the manufacturer as per the latest IEC standards.

شركة أبوظبي للتوزيع
Abu Dhabi Distribution Company

General Notes to the LV Switchgear Vendor List

13. Any discrepancy in the prequalified product description shall be notified to the ADDC Switchgear Committee in the following Address.

The Chairman,
ADDCC LV Switchgear Committee,
P O Box 219,
Abu Dhabi Distribution Company,
Abu Dhabi, U A E.
Email: LVSGCC@addc.ae

14. The ADDC approved Vendors of the Final Distribution Board are authorised to assemble and supply the Consumer Unit provided they use the same cross section of the type tested final DB except the fact that it will be a single bus bar construction. Separate prequalification is not required for the consumer unit.

15. ADDC LV Switchgear Committee advice all the Vendors for the LV Switchgear shall comply with the latest IEC 61439 standard. The manufactures are requested to carryout additional tests as required by this standard by December 2015. ADDC LV Switchgear Committee will not accept any type test certificate not complying with this IEC standard after December 2015.

16. It shall be the responsibility of the Supplier to propose the most appropriate products which are prequalified and that suits the application of the end user. Certain prequalified products may not be suitable for special applications and the end user is advised to clarify the same with the supplier.

17. Any Vendors who are not included in this list and hold a valid approval from ADDC Swichgear Committe which is issued at a later date to the publication of this Vendor list are also authorised to supply thier prequalified products in Abu Dhabi. Their name will be added in the next revision of the Vendor List.

18. All approved panel assembly must allign the main horizontal busbar at the top of the panel if the panel is installed in the basement of the building. Seperate approval from ADDC Inspection Section must be obtained in all other cases.

19. It is the responsibility of the manufacturer/supplier to keep their customer aware of the special conditions stated in the test reports that restrict the use of the approved material at different connection environment.
